PRODUCT RANGE

CONDIVIDIAMO CON VOI I NOSTRI OBIETTIVI DI QUALITA' E SOSTENIBILITA'

Abbiamo scelto di produrre i nostri prodotti interamente in Italia, con la collaborazione di fornitori del nostro territorio: questo ci permette, da sempre, di assicurare qualità, tracciabilità, efficienza produttiva e rafforzamento della filiera locale.

We have chosen to manufacture our products entirely in Italy, with the assistance of suppliers from our region: This has always allowed us to ensure quality, traceability, production efficiency, and strengthening the local supply chain.

La certificazione ISO 9001 attesta che Rover Pompe sas è in grado di soddisfare in modo costante le aspettative dei clienti, grazie a un metodo di lavoro orientato al miglioramento continuo, all'aumento dell'efficienza, alla riduzione dei costi e al rafforzamento della fidelizzazione.

ISO 9001 certification attests that Rover Pompe sas is able to consistently meet customer expectations, thanks to a working method oriented towards continuous improvement, increasing efficiency, reducing costs and strengthening loyalty.

I nostri prodotti rispettano standard rigorosi di sicurezza e di qualità. Il marchio IMQ sulle nostre pompe attesta la garanzia concreta di affidabilità e conformità normativa.

Our products meet strict safety and quality standards. The IMQ mark on our pumps confirms the guaranteed reliability and regulatory compliance.

La marcatura CE indica la conformità alle norme comunitarie consentendo la libera commercializzazione dei nostri prodotti marcati entro il mercato europeo.

The CE marking indicates compliance with Community rules allowing free marketing of our marked products within the European market.

La nostra gamma di prodotti comprende una linea certificata Moca: questo riconoscimento garantisce la conformità alle normative vigenti ed assicura la massima sicurezza nel contatto con liquidi alimentari, a tutela della salute del consumatore.

Our product range includes a Moca certified line: this recognition guarantees compliance with the current regulations and ensures maximum safety in contact with food liquids, to protect consumer health.

La facilità di manutenzione e l'agevole riparazione, favorite anche dalla costante reperibilità dei componenti di ricambio, rappresentano un chiaro indice di sostenibilità tecnica nel tempo.

The ease of maintenance and repair, further supported by the constant availability of spare parts, represent a clear indicator of long-term technical sustainability.

Le nostre pompe sono 100% riciclabili. Ridurre l'impatto ambientale, valorizzare le risorse e garantire un modello produttivo realmente sostenibile è uno dei nostri focus.

Our pumps are 100% recyclable. Reducing environmental impact, enhancing resources, and ensuring a truly sustainable production model are among our focuses.

Corrediamo i nostri prodotti con imballi certificati FSC, a tutela dell'ambiente, della biodiversità e delle comunità locali.

Our products are packaged with FSC certified packaging that protects the environment, biodiversity, and local communities.

I nostri prodotti sono dotati da sempre di componenti in metallo con finitura naturale (NMF), senza alcun tipo di vernice. Questa nostra scelta garantisce un impatto ambientale ridotto e la totale riciclabilità.

We have consistently used metal components with a natural finish (NMF) on our products, without any type of painting. Our decision ensures a reduced environmental impact and 100% recyclability.

DISPENSER Novax OIL

5 m
standard

Dispenser Novax Oil

Apparecchiatura per il travaso di olio vegetale e sintetico, con contatore parziale ed azzerabile a tre cifre e totalizzatore a 6 cifre, max. 35°C - 80 mPa*s

(per esempio come l'olio di oliva usato in cucina)

Caratteristiche di serie:

Elettropompa Novax con Ingranaggi in Acciai INOX, valvola di sicurezza, pistola erogatrice per alimenti, 5 metri di tubo con spirale inox, contalitri tarabile a 3 cifre parziali e 6 cifre sul totale.

Dispenser Novax Oil

Equipment for the transfer of vegetable and synthetic Oil. It's provided with partial resettable three-digit meter, and totalizer with 6 digits.

The oil temperature during refilling must be between 15 °C and 40 °C and the viscosity of 80 mPa * s (such as olive oil used in cooking)

Standard Features:

Electric Gear pump with INOX gears, safety valve, foodstuff nozzle, 5 meters foodstuff pipe, counter at 3 partial digits and 6 total digits
